Get to Know Your CCTS

THIS WEEK, MEET **JESSICA BUMPUS, PHD**
PROGRAM DIRECTOR
CCTS TRAINING ACADEMY

1 What is the last show you binge-watched?

Downton Abbey.

2 What was the best thing you did last month?

We took our kids to visit Vulcan Park & Museum and brought some friends along who had never been there either. My husband and I were married at Vulcan almost 10 years ago, so it is a special place for us that we love to share with others.

3 What's something people might not know about the CCTS?

The vast supports that are available to them to help with every aspect of their research, from design to funding and into the operations of the study or trial. The CCTS supports the research and career success of all the amazing investigators and faculty across our Partner Network.
